

## Khan and Sheer Reelected to PTPDE Advisory Board

At the Chapter's September 15th regular Board meeting, two distinguished community members were reelected to serve on the People to People International Delaware Chapter's (PTPDE) Advisory Board that provides guidance to reach various segments of our community and assists on Chapter programming.

- Dr. Saleem Khan, Chief of Psychiatry at Delaware Guidance Services of Wilmington
- Dennis Sheer, President of Sister Cities of Wilmington

We thank them for past service and look forward to their support in the future. Both have long-term relationships with the Delaware Chapter of People to People and are very active in the community at large.
