

People to People Denmark, Haderslev-Vojens Chapter, is visiting your country, your state, your city and your homes September 6, 7, and 8th departing September 9th. We all are looking forward to coming!

PTP Denmark was founded over 40 years ago, and I presume more than 2000 people have been visiting the States travelling with PTP. Whereas some have been in the States several times, for some it will be their first visit. For this group we are all pleased you will host us and let us be part of your families for a few days.

The plan is to fly to Washington DC, the world`s most important capitol. We will go on the Tourmobile and stop at houses, buildings, museums and memorials and really enjoy seeing all we know from television.

At the end of our stay, we will fly out of New York City, the city that never sleeps. We will go to Ellis Island and try to find Danish ancestors. Lack of time is the problem in NYC, but we will just try to feel the temperature and try to get the feeling of big, bigger and biggest.

At our meeting people talked about the homestay. All are excited and very much looking forward to learning about America from the inside. We appreciate your willingness to open up your homes for us and be our guides. We have been “studying” the Amish and their way of life, so very different from what we experience in Denmark, that we all are very interested in going to visit their area. By going to the two metropolis cities, Washington DC and New York City, one can also say we will experience an education in American lifestyle: the capitol with the White House, where all important decisions are made; New York City where one can see anything bigger, higher, and faster; the quiet life in Ocean Grove, NJ, where we will spend one night; the stay at your homes, and the visit to an Amish village.

We are a group of 18 adults who are very much looking forward to meeting all of you. The group consists of 2 married couples; 2 single unrelated men ages 39 and 71; 10 single ladies sharing a room; and 2 single female leaders in single households. That means we will need 8 double rooms and 2 singles. As soon as I have all the bio-sheets from the participants, I will send another article for your website so that you will be able to have contact with the Danes as soon as possible.

So from the Danes, Best Wishes and see you soon!
